

Wrap Lenses

Features and Benefits

- All STANDARD brand wrap lenses are made of acrylic which ensures little to no discoloration, and restores the look and efficiency of older fixtures
- In most cases, our wrap lenses are higher quality than what is supplied by the fixture manufacturer, thus offering higher impact strength
- STANDARD also offers a wide variety of custom wrap lenses which are produced to your exact needs
- Our wrap lenses are shipped in streamlined distributor packs, which allow for easy shipping and handling and reduce the chance of breakage

For exact shapes and dimensions, please refer to our *Wrap Lens Profile Chart*, our *Acrylic Replacement Lenses Guide*, or our website.
